

Introduzione all'uso di Vocaroo

<http://vocaroo.com/>

Vocaroo è un semplice registratore vocale online. L'applicazione non richiede registrazione, crea link ai file audio registrati e ne permette il download in diversi formati tra cui .mp3.

E' possibile caricare in Vocaroo anche file audio già registrati.

E' disponibile anche un'opzione per l'embedding dei file audio in una pagina web.

Questa opzione non funziona nei blog di Wordpress.

The screenshot shows the Vocaroo website interface. At the top left is the 'Vocaroo' logo in a green script font. To its right is a small green robot icon with a heart on its chest. Below the logo is a green bar containing the text 'Vocaroo - The premier voice recording service.' and a link 'Or upload?'. In the center is a large green recording area with a microphone icon and a progress bar. Above this area are two buttons: 'Retry' (with a red circle icon) and 'Listen' (with a play button icon). Below the recording area is another green bar with the text 'Happy with this recording?' and a link 'Click here to save >>'. At the bottom is a footer with copyright information and links: '© 2007-2013 Vocaroo | Help | Info | Widgets | API | @vocaroo'. Red arrows point from Italian text boxes to specific UI elements: 'Rifare la registrazione' points to the 'Retry' button, 'Ascoltare la registrazione' points to the 'Listen' button, and 'Salvare la registrazione' points to the 'Click here to save >>' link. The 'Click here to save >>' link is also circled in red.
